AOC 2014 International to Showcase Demos from Analog Devices Spanning Entire RF Spectrum

Ultra-wideband solutions, systems, subsystems and modules from Analog Devices featured

NORWOOD, Mass.--(BUSINESS WIRE)-- [Analog Devices, Inc.](http://www.analog.com/en/press-release/7_22_2014_ADI_Completes_Acquisition_Of_Hittite/press.html) (NASDAQ: ADI) announced today it will demonstrate integrated solutions for the entire RF spectrum from DC - 110 GHz at the AOC 2014 *International Symposium and Convention* Booth #1109, Marriott Wardman Park Hotel, Washington, DC, October 7-9. ADI will showcase its ultra-wideband solutions and components including its award-winning GSPS A/D converters and high-performance portfolio of components and modules from the recently acquired Hittite Microwave Corp. (http://www.analog.com/en/press-release/7_22_2014_ADI_Completes_Acquisition_Of_Hittite/press.html.)

On-site demonstrations at ADI booth #1109 include:

- Customized Module and MMIC Developments, Supporting RF and Microwave Solutions up to 110 GHz
- Keragis High-Power, Wideband Amplifiers for Electronic Warfare Systems and Electronic Warfare System and Towed Decoys
- GSPS A/D Converters for Next-Generation Electronic Intelligence/Communications Intelligence Systems
- 18-GHz Track and Hold Supporting Ultra-Wide RF Sampling and Radar Warning Receiver Systems

About Analog Devices

Innovation, performance, and excellence are the cultural pillars on which Analog Devices has built one of the longest standing, highest growth companies within the technology sector. Acknowledged industry-wide as the world leader in data conversion and signal conditioning technology, Analog Devices serves over 60,000 customers, representing virtually all types of electronic equipment. Celebrating over 40 years as a leading global manufacturer of high-performance integrated circuits used in analog and digital signal processing applications, Analog Devices is headquartered in Norwood, Massachusetts, with design and manufacturing facilities throughout the world. Analog Devices' is included in the S&P 500 Index.
