Explanation of Responses:

1. On March 14, 2013, the reporting person erroneously reported the acquisition of 511.196 shares through a dividend reinvestment program. Such acquisition did not, in fact, occur. Due to technical limitations of the software used to report Section 16 filings, the reporting person is unable to simply amend the original filing to remove such 511.196 shares, and instead is required to reflect such correction as a disposition, even though the shares were never owned by the reporting person. This filing is being made solely to correct the number of shares held indirectly by the reporting person.
