## **Analog Devices MEMS Webinar Available at [investor.analog.com](http://investor.analog.com)**

**- An overview of ADI's high performance MEMS inertial sensor technology**

NORWOOD, Mass.--(BUSINESS WIRE)-- In this webinar, [Analog Devices, Inc.](http://www.analog.com) (NASDAQ: [ADI](http://www.adicorp.com)), a global leader in high-performance semiconductors for signal processing applications, presents its high performance MEMS inertial sensor technology and the expanding automotive, industrial, and healthcare opportunities.

The webcast may be accessed by visiting Analog Devices' Investor Relations web site at: [investor.analog.com](http://investor.analog.com).

### **About Analog Devices**

Innovation, performance, and excellence are the cultural pillars on which Analog Devices has built one of the longest standing, highest growth companies within the technology sector. Acknowledged industry-wide as the world leader in data conversion and signal conditioning technology, Analog Devices serves over 60,000 customers, representing virtually all types of electronic equipment. Analog Devices is headquartered in Norwood, Massachusetts, with design and manufacturing facilities throughout the world. Analog Devices' common stock is included in the S&P 500 Index.
